

This listing is for a link to a website where you can get a free PS3

PLEASE READ ON

There is currently a very simple, cheap and easy way to get a brand new PS3. I didn't believe how easy it was myself until I watched the video, saw how easy it is and that there is absolutely no risk involved. Give it a go - you've got nothing to lose and could save yourself at least £400. I found out about this through a page much like this on ebay and thought if they can do it so can I! All it involves is talking to people and convincing them to sign up for a free trial and then cancelling before they pay a thing. READ ON

They will probably have to stop doing these promotions as word spreads how easy it is to so take advantage of it whilst there is still time!

Follow these steps to get yourself a free PS3 for just a little bit of time and effort. 100% legitimate.

STEP 1: Follow the above link

STEP 2: Register. This costs nothing and you don't even have to go on with the offer after this if you don't want to.

STEP 3: Now you get a number of offers from different companies - You need to complete one of these offers. This will activate your account and give you a credit so when you have enough referrals you can claim your item, without completing the offer you will not be able to receive it.

I would suggest using the Lovefilm free trial offer as you don't need to pay. Just remember to cancel the trial before 21 days if you don't want to stay a member. (NOTE: pick 10 dvd titles then wait for 1 dvd to be dispatched then then cancel your membership when you receive the dvd, just simply posting it back in the pre-paid envelope. This will mean that you will complete the offer.

STEP 4: Refer people. I would recommend making an Ebay page

Still not convinced?

Watch this feature on the BBC Newsnight program as it explains exactly how these companies make their money and how they can afford to give away these items:
